WELCOME TO FORT WAYNE BIBLE COLLEGE

We are committed to an education where the revelation of God is in Jesus Christ, in the Holy Scriptures, and in nature. This forms the core of our academic program. At Fort Wayne Bible College we believe students only realize their true potential in spiritual, mental, social, and physical development through surrender to God's will.

Because our purpose is to prepare students for Christian ministry, we require every prospective student to furnish evidence of a strong Christian commitment in addition to meeting minimum scholastic and intellectual standards.

We are a special place for special people. If you wish to become the complete person God wants you to be . . . Welcome to Fort Wayne Bible College.

ADMISSION REQUIREMENTS

Consideration for admission is based upon the combined evidence of the following:

- I. Definite Christian conversion and commitment to the will of God and signed statement agreeing to the basic community lifestyle and guidelines of the college as described on this page.
- II. Emotional, spiritual, physical balance with a potential and desire for Christian work and living as evidenced by two references.
- III. A medical examination form, signed by a physician.
- IV. A diploma from an accredited secondary school, a certificate of high school equivalency, or a G.E.D. certificate. Graduates of Accelerated Education Schools (ACE) and unaccredited secondary schools are required to submit SAT or ACT results.

A comprehensive high school curriculum is important to your success at Fort Wayne Bible College. For this reason, we would suggest at least four units of English grammar and composition, two

units of mathematics, two units of history and two units of natural science. A foreign language is encouraged but not required.

(For specific instructions on how to apply for admission, see page 16 of this catalog. The admission application follows page 32.)

TRI-PHASE CURRICULUM GIVES YOU THE EDUCATIONAL EDGE

As a BIBLE college, FWBC provides every student with a double major. In addition to the major you select for career preparation, you'll also major in Bible. Every 4-year degree student takes at least 30 units of Bible and theology. So . . . wherever you go and whatever you do, you'll be able to integrate scriptural truths into your life and you'll be prepared to share them with others.

As an accredited school of higher education, FWBC provides every student with a solid general education background. Your general studies core will include courses in the sciences, humanities, social sciences, and the arts. So . . . you'll always have the fundamentals needed for relating to people from many walks of life.

COMMUNITY LIFESTYLE

When an individual becomes a member of a community, he or she always lays aside certain personal rights for the good of the total community. To this end, it is understood that members of the Bible College community are committed to uphold the standards of the community as cited in this statement.

Since members of the Bible College community are also members of the broader community of the body of Jesus Christ, it is expected that everything we do will reflect our commitment, both to our Lord and to His body of believers.

This commitment is to be demonstrated by faithful involvement in a local

church, fulfillment of all responsibilities assumed within the B.C. community, and support of those in need through Christian love and loyalty to each other.

The Word of God is the final authority on all matters of faith and conduct. Therefore items expressly forbidden in the Scripture are not acceptable for members of the Fort Wayne Bible College community. Included among these are such acts as drunkenness, stealing, lying, the use of slanderous or profane language, all forms of premarital sex, adultery and homosexual behavior.

Such attitudes as greed, jealousy, pride, lust, bitterness, hostility, an unforgiving spirit and prejudice based on race, sex or socio-economic status are also condemned by Scripture. Therefore, the College community works hard to eliminate these attitudes as they are evidenced in speech and action and to see them replaced by Christlike attitudes appropriate for mature Christians.

While Scripture does not provide specific teaching regarding all social practices in a given cultural setting, it does speak to the Christian's responsibility in areas of conduct which may be harmful or spiritually offensive to self or others. In keeping with its objectives to develop moral and spiritual leadership, the Bible College holds unacceptable the following activities: gambling, social dancing, possession or use of alcoholic beverages, tobacco, non-medicinal narcotics or hallucinogenic drugs (including marijuana). Further, the College expects restraint and discretion in the choice of entertainment and literature. Without question, the Christian must abstain from all that is morally degrading. While the College does not normally assume the role of a censoring agent, it does expect tangible evidence of growth in Christ and sound judgment based on Biblical principles.

Above all, we, the members of the Fort Wayne Bible College community, are committed to accurately representing the Lord Jesus Christ on our campus, in our community and to the ends of the earth.

THERE'S MORE TO COLLEGE LIFE THAN THE COLLEGE LIBRARY.

Well, that's a relief! Although academics are a major part of college life, you'll be

glad to know there's a whole lot more to life at FWBC.

SPORTS: On the court or in the bleachers, you'll be a part of the athletic action. There's men's intercollegiate competition

in basketball, and soccer; women's competition in basketball and volleyball.

But, you don't have to be varsity material to experience the thrill of victory — intramural sports and sports clubs include: softball, basketball, volleyball, ping-pong, wrestling, tennis, and flag football.

SPECIAL INTERESTS: Clubs and organizations will bring your singing out of the shower, your creative abilities out of the woodwork, your leadership potential to the forefront, your concerns to the attention of others, and your best efforts into the best light. You can join the Student Missionary Fellowship (affectionately known as SMF), Alpha Kappa (for Greek language students), music groups (band, chorale, choral

union, brass ensemble, vocal groups, touring groups), THE VINE (the college yearbook), drama team, student government, and several honor societies. You can represent the FWBC student body on the following faculty-student committees: student affairs, library, chapel, athletic or special events.

SPECIAL EVENTS:

Get Involved! Everyone participates in the annual Youth Conference held for high schoolers each spring.

Get Inspired! The very best spiritual emphasis speakers are brought from all over the world to minister and share with FWBC students, staff, and faculty.

Get Introduced! Picnics, banquets, get-togethers, and concerts are great for

making new friends and enjoying old friends.

Get Informed! Guest lecturers, speakers, performers, special films and seminars provide information, spiritual refreshment, and entertainment.

HOME BASE: It won't take long for you to start thinking of your dorm as home. And that's where a lot of the FWBC action takes place. It doesn't take a committee or organized calendar to get you involved. You'll find yourself in the midst of close friends . . . midnight talks . . . impromptu Bible studies and prayer groups . . . pizza and popcorn parties . . . and all the fun of dorm life.

WHAT OUR MAP DOESN'T TELL YOU

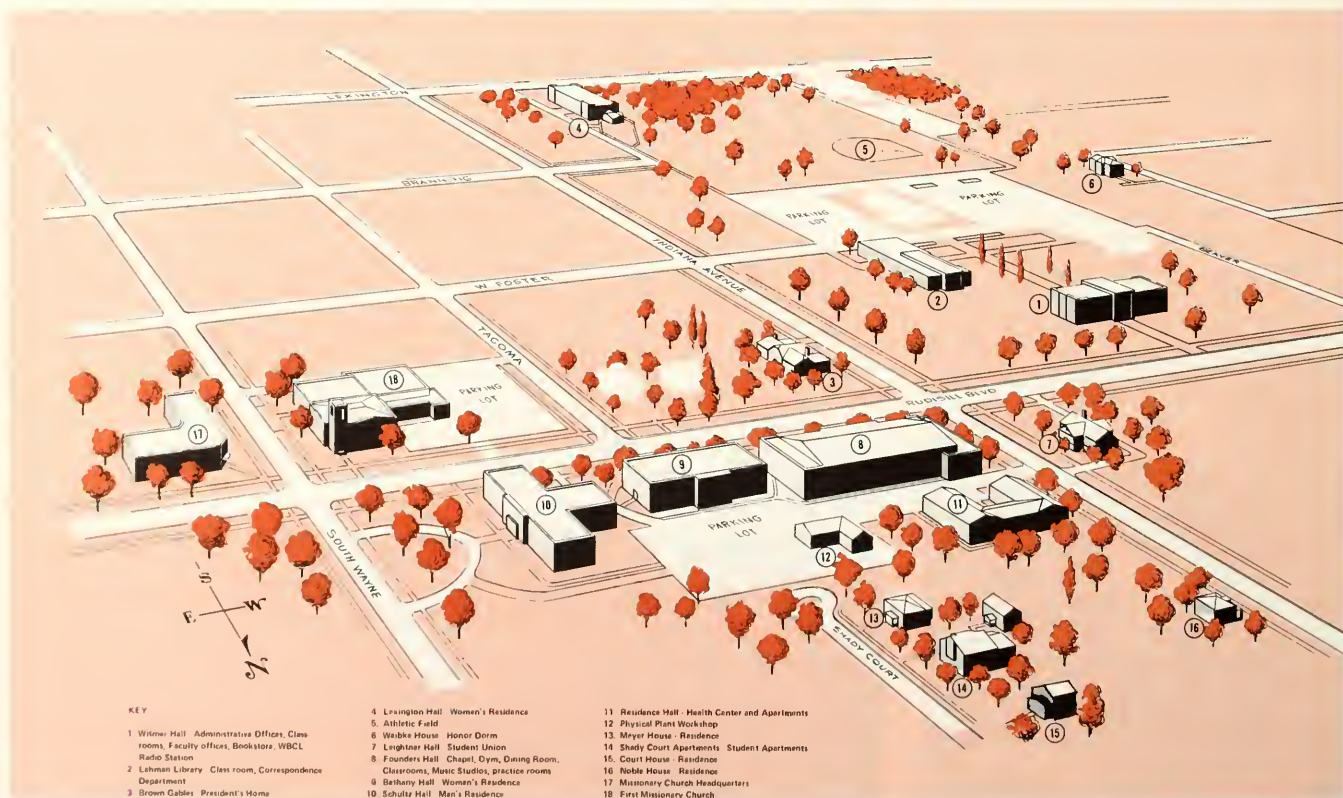

Our campus map gives you a general layout and shows you how to get from point A to point B. But it doesn't tell you what you'll find when you get there!

It doesn't tell you that WITMER HALL, the

main academic and administrative building, is a very busy place. Constructed in 1971, this modern facility houses classrooms, lecture halls, the science lab, administrative and faculty offices, the college bookstore, the ever-popular student mailboxes, and WBCL — the 50,000

watt FM radio voice of Fort Wayne Bible College.

It doesn't tell you that the S. A. LEHMAN MEMORIAL LIBRARY IS "well booked" with over 50,000 volumes, more than 350 different periodicals, numerous study

areas, audio centers, and an instructional materials center with books and a wide variety of supplies for your use in teaching and Christian service projects.

It doesn't tell you that FOUNDERS MEMORIAL is probably the most diversified building on campus! Chapels, assemblies, concerts, and special meetings are held in Founders Auditorium. Founders gymnasium is the site of organized, and not-so-organized, athletic activities almost every night of the week — everything from basketball playoffs to an impromptu round of co-ed volleyball. The music department, complete with studios, practice rooms, and classrooms, is also housed in Founders. Last, but certainly not least, is the cafeteria — located in Founders lower level. Here students meet for good food and good times.

It doesn't tell you that LEIGHTNER HALL is the control center for student government, campus organizations and includes stereo lounges, TV, ping-pong, pool and *The Hollow*, where you can enjoy a coke and hamburger with friends.

It doesn't tell you that our dorms are places you will soon call home. Over half our students live on campus. There are three men's residence halls — one large dorm and two houses; and two women's dorms. Most students live two to a room, but enjoy a special feeling of kinship with all their fellow dorm-dwellers. Each large dorm has a full-time resident adviser plus

a staff of student advisers and each house has a student adviser. These are all trained to provide a listening ear — and to spearhead dorm activities. All of the dorms have conveniences such as lounges, TVs, vending machines for snacks and pop, laundry facilities and telephones. There's a comfortable, casual atmosphere . . . a spirit of togetherness . . . a feeling of friendship . . . an enthusiastic, fun-loving vitality that makes dorm life at FWBC an unforgettable part of your college experience.

ALL FORT WAYNE IS AT YOUR DOORSTEP . . . OR SHOULD WE SAY, DORMSTEP?

IT'S A PACKAGE DEAL! When you come

to Fort Wayne Bible College, the city of Fort Wayne is yours — to enjoy — to learn from — to live in — to become a part of.

FORT WAYNE IS . . .

- art galleries
- bike trails
- shopping malls
- museums
- swimming pools
- restaurants
- libraries
- parks
- sports arenas
- fine arts and civic centers
- colleges & universities
- festivals & celebrations

And yes . . . there is an authentic old Fort in Fort Wayne — complete with soldiers,

tion old-fashioned snowball fights (a great way to relieve term paper tensions!)

Festivals, concerts, sporting events, and recreational facilities offer year-round possibilities for a Friday night out or a Saturday off. Take a break from your books for an evening of action with the Komets, Fort Wayne's own semi-pro hockey team . . . or take in an evening of culture with the Fort Wayne Philharmonic. Try your wheels at one of the area roller skating rinks. Or test your willpower at a local restaurant. Fort Wayne has everything from authentic French and Japanese cuisine to authentic "Big Macs", fries, and shakes. Two large enclosed malls and hundreds of other shops all around the Fort Wayne area provide a wide selection of merchandise and sure shopping satisfaction for the bargain hunter, fashion pacesetter . . . or window shopper.

Progressive — one word to describe Fort Wayne's public transportation system. Their extensive city bus line lets you get where you're going without the hassle of driving or the traumatic side-trips to the gas pumps . . . \$\$\$! The buses are clean, economical, and efficient. And speaking of efficiency — Fort Wayne Bible College's convenient location also means there's a lot to see and do all within walking distance. Restaurants, shopping, and recreation areas are all just a few blocks away.

Fort Wayne is ideally situated for weekend getaways, too . . . or even afternoon getaways. Indiana's beautiful farmlands, woods, and open spaces are minutes away by car. A little more time behind the wheel and you're in Michigan — where lakes, year-round recreation areas, and scenery abound. In a matter of hours you can be in Indianapolis, Chicago, or Detroit. So, whether you hear the call of the wild or of the city, it's all easily available.

YOUR OPPORTUNITY FOR INVOLVEMENT

CS CS CS CS CS CS
S CS CS CS

Canned Sardines? Champion Student?
Cocker Spaniel? Congressional Senate?

Guess again! CS means Christian Service. And Christian Service means students sharing Christ with their community. Teaching a Sunday school class . . . directing a junior choir . . . working in a youth club . . . visiting a nursing home . . . preaching in a country church or inner city rescue mission . . . witnessing one-on-one . . . traveling with a music group . . .

And that's just the beginning . . . CS is your opportunity to put your faith into action. Regular Christian Service involvement is a part of each student's life for three of the typical four years of study. CS gives you practical experience, an outlet for sharing the Gospel, and an opportunity to serve the community and the local church. It's your chance to try out what you're learning in class. First and foremost, it gives you the privilege of serving Christ. And after all, that's what FWBC is all about.

OUR MANY-FACETED FACULTY — Our faculty is composed of real live people. Our instructors aren't just talking text-books. Nor are they podium-pounding phantoms who disappear into thin air at the close of a lecture. They're ready and willing to teach, to talk, *and* to listen. They're encouragers as well as educators.

A faculty/student ratio of 17:1 means your instructors are able to give you personal attention. And that means more than merely acknowledging your raised hand in class. It means they'll take time to talk with you after class . . . over lunch . . . even on the tennis court. You are important.

Over 40% of our faculty members either have or are in the process of obtaining doctoral degrees. 33% have seminary degrees and almost all have some post-graduate education beyond their masters degrees. They also have an impressive record for putting their academics into action. Just for example — there's Dr. Wesley Gerig, chairman of the Bible department, who served as a member of the translation committee for the New International Version Bible.

And, if you've always pictured professors as rather cobwebby characters buried in

books, you're in for a surprise! Meet Dr. Sterling Demond, chairman of the Christian education department. Prior to coming to FWBC, he spent 10 years in the pastorate and 2 years as a full-time camp director. Now, he spends his summers teaching rock climbing and other camp

skills to FWBC students in the wilderness camping course. He also directs a camp for inner city kids in Peoria, Illinois, which he fully staffs with FWBC students. Dr. Demond speaks from experience when he teaches courses in Christian education.

At FWBC the faculty isn't just concerned about your in-class performance. Our instructors are concerned about you as a person . . . as a fellow member of the body of Christ. That means they're eager to help you in your spiritual as well as academic growth. They're willing to share with you, pray with you, talk with you and study the Word of God with you. They're not only interested in fulfilling their commitment to the college or even to you; they're also fulfilling their commitment to

the Lord. Your future, your life, is a part of that commitment.

MAJORS AND MINORS — A MAJOR ADVANTAGE

When you take a four-year degree program at FWBC you'll take at least 30 hours of Bible and theology, plus about 30 hours of liberal arts courses to provide a balanced education. And, you'll also have the opportunity to select a major and a minor compatible with your career goals. For example — you could major in

Pastoral studies and minor in Business Administration . . . major in Christian Education and minor in Christian Social Work . . . or major in Missions and minor in Secretarial Science. Mix and match! With 198 different options, just think of the possibilities.

IN OTHER WORDS . . .

FWBC offers you a solid education that's flexible enough to give you what you want — yet structured enough to give you what you need. Your education will be custom-designed to fit your career goals and your calling.

TO ENCOURAGE you in the pursuit of additional Bible study on both a personal and academic level.

FWBC offers several Biblical studies programs from which you can choose. And, there are additional options within each program. You won't have to squeeze yourself into a mold, because there's probably a program tailor-made to your career goals and plans for the future.

FOUR YEAR — choose from two four-year Biblical studies programs at FWBC — The Bachelor of Science degree or the Bachelor of Arts, which includes New Testament Greek. Each program offers a sound education in Bible and theology, and a variety of electives to prepare you for Christian Service on the professional or lay-leader level.

TWO YEAR — our Associate of Arts program in Biblical studies has a lot to offer, whatever your career plans. Whether you plan to continue your education in Bible or some other field, or if you only want two years of training, our A. A. program is worth consideration. When you complete your A. A. you'll have three options:

1. conclude your college training with an accredited A. A. degree.
2. continue at FWBC and work toward a four-year degree. Most degree programs can be completed in just two additional years.
3. transfer to another college or university to complete a major not offered at FWBC. Many schools will allow you to transfer in as a junior since FWBC's A. A. program includes a strong concentration of the general education courses required.

ONE YEAR — if you already hold a college degree or are interested in a one-year concentrated biblical studies program, we'll design a program to fit your specific needs.

PASTORAL MINISTRIES/PRE-SEMINARY STUDIES

DEPARTMENT OBJECTIVES

TO INSTRUCT you in principles and methods of effective ministering.

TO HELP you obtain a practical working knowledge of God's Word.

TO ENCOURAGE the development of your skills in the administration of church programs and activities.

TO ACQUAINT you with the contemporary world as your field of ministry.

TO CHALLENGE you to the task of evangelization by means of faithful pastoral leadership.

TO NURTURE you in the attainment of personal qualifications necessary for a pastoral ministry.

WHAT'S NEW?

Bible college students have been majoring in pastoral studies for years. But, while there may not be anything new about the major — at FWBC there's always something new about the methods. New ways of teaching, new field work opportunities, new ideas, new facilities and equipment all combine with the ever-new Gospel to make a major that's current, practical, alive, and crucial to our present age. Sound instruction under well-qualified Bible and theology professors, a broad-based general curriculum, practical "on-the-job" experience, and the spiritual stimulation of Christian fellowship at FWBC provide an ideal climate for your growth towards the ministry.

PRACTICING WHAT YOU PREACH

FWBC's modern facilities and advanced A-V equipment give you a real advantage. You'll learn the art of preaching with the assistance of our closed-circuit videotape machines. You'll deliver your sermons in front of a camera, enabling you and your professors to evaluate your delivery. For practice in timing, diction, and other speaking techniques, there's sophisticated tape recording equipment. You'll also benefit from the use of overhead and slide projectors, filmstrips, and recordings.

PREACHING WHAT YOU PRACTICE

Just so you don't get the idea that all of your preaching will be done in front of a congregation of audio-visual equipment — FWBC also places a strong emphasis on learning-by-doing in the local church. You'll have numerous opportunities to visit and observe area churches. You'll attend special religious seminars and conferences. And you'll be able to observe the operation of a church denominational headquarters. During the summer

you can gain valuable field experience and tuition-free academic credits by completing special projects or participating in a faculty-approved program related to your career goals. In your senior year, you might spend an entire semester off campus in an internship program. As an assistant pastor in a city church, youth minister, or pastor of a rural church you'll have valuable opportunities to observe and participate in the ministry of the Gospel. Whatever your career goals, FWBC has developed (or will develop) a practical work experience to give you insight into the office of pastor and develop your skills and gifts in the ministry.

channels of service as well as the more familiar opportunities. Discipleship, evangelism, linguistics, communications, applied cultural anthropology, medicine, church planting, and hundreds of other different or related fields are waiting for you. If you have a sincere desire to serve the Lord, a genuine concern for people, and a commitment to the Word of God and its proclamation, a missions major could be what you've been looking for. Choose from a B.A. or a B.S. program.

EXPLORATION —

Whether your interests lay in the jungles of Ecuador or in America's inner cities, you'll have a chance to explore. You'll have an opportunity to venture beyond

the textbooks and class lectures. During your junior or senior year you'll be encouraged to study your particular area of career and geographical interest. And, during your third summer, you'll have the opportunity to serve as a summer missionary under the mission board of your choice. In addition there's the possibility of spending your junior year in the Caribbean at Jamaica Theological Seminary or a similar school in Africa or Asia. These practical experiences and cross-cultural explorations will be tremendous assets as you determine God's calling for your life.

MAKE MEDICINE A MAJOR ISSUE WITH A MISSIONARY NURSING MAJOR

FWBC has a unique program for men and women planning careers in missionary

nursing. You'll spend your first year at FWBC, taking Bible and other basic courses. Then there's the standard three years of nurses' training at nearby Lutheran Hospital or another school of your choice. Your fifth and final year will be back at FWBC for more Bible, missions, and general ed. courses. TO ASSIST you in the development of administrative, teaching, and counseling skills.

TO ENCOURAGE your personal growth as a Christian.

TO PROVIDE practical experience in teaching, camping, and leadership.

TO ENABLE you to effectively use educational principles and methods.

PUT YOUR ACADEMICS INTO ACTION

Classroom learning experiences will give you a grasp of Christian education history, philosophy, methods, administration, and organizations. Practical field experiences will allow you to put your wisdom to work. You'll be able to get a feel for your prospective career *before* you graduate. FWBC has developed a comprehensive CE internship program for juniors and seniors. Through this program you can work in a position similar to the one you hope to obtain following graduation.

A camp program director, youth minister, missions assistant at home or abroad — whatever your career goal, we can help make it real. You'll also have opportunities to enrich and reinforce your training with special trips to observe professionals at work in your area of interest, special CE events, and

independent study projects for tuition-free academic credit. There's no limit to the career-oriented experiences you can take advantage of . . . no limit that is, except your imagination and initiative.

TWO WAYS TO GO

As a Christian Education major, you can choose from a B.A. or a B.S. program. Both provide a well-rounded curriculum and preparation for a wide spectrum of careers. The B.A. program also includes New Testament Greek as a part of its curriculum.

MUSIC/CHURCH MUSIC/MUSIC EDUCATION

DEPARTMENT OBJECTIVES

TO PREPARE you for various ministries in church music, evangelism, and youth work.

TO ENABLE you to teach music privately and in public or private schools on the elementary or secondary level.

TO ENCOURAGE creative composition and interpretative performance.

TO CULTIVATE music appreciation.

TO PROVIDE music education for all students of the college.

TUNEFUL OPPORTUNITIES

Music, by its very nature, requires learning by doing. FWBC offers you a wide variety of opportunities to do just that —

INDIVIDUAL PERFORMANCE: Not every music student is a natural soloist, but it's still important for you to develop your confidence and proficiency through solo performance skills. Performance classes meet informally every other week for students to play or sing for each other in non-recital situations. Eventually, most students give a recital for the entire college community.

ENSEMBLE PERFORMANCE: FWBC offers many exciting opportunities for group musical experience. As a music student you'll belong to at least one music organization each semester, possibly several if you choose. You may sing with Chorale or

choral union, or play in the concert band. There are also several smaller instrumental and vocal groups, plus the traveling music ensembles.

PROFESSIONAL SKILLS: In addition to the experience you'll receive in individual and group performance, you'll also be able to take advantage of an internship or field study program directly related to your intended career field. You might serve as a children's choir director, or as an assistant to a church music director. If you're in the music education program you'll work your way from classroom observation to classroom teaching in area schools. Christian service assignments, independent study projects, laboratory work, and field trips will all add to your experience as well . . . and increase your prospects for future career opportunities.

PROFESSIONAL EQUIPMENT: Professional training demands professional equipment — and FWBC meets the demand. As a music student you'll have pianos with the names of Steinway and Baldwin at your disposal . . . pipe and electronic organs . . . a harpsichord . . . a twelve piano electronic laboratory . . . plus sound-treated practice rooms, listening centers, and closed circuit video tape equipment for performance evaluation.

AS A MUSIC MAJOR you can choose a Bachelor of Music degree with a concen-

tration in voice, piano, organ, or orchestral instruments. Or . . . you can select a Bachelor of Science degree with a Church Music major. Or . . . you can pursue a Bachelor of Music Education degree.

ELEMENTARY EDUCATION

DEPARTMENT OBJECTIVES

TO HELP you gain a general understanding of the basics of education — historical development, current trends, methodology, child development, a Christian philosophy of education.

TO ENABLE you to become an efficient leader and teacher in the educational programs of churches and schools.

TO EQUIP you with the basic skills necessary in the art of teaching.

TO ASSIST you in meeting the certification requirements of the Indiana State Department of Public Instruction (and those of any other state in which you might choose to teach).

TO PREPARE you for possible graduate study in the field of education.

ON-THE-JOB EDUCATION — “IT’S ELEMENTARY, MY DEAR WATSON”

The time you’ll spend working and observing in actual elementary school

classrooms will be one of your biggest career assets in the years to come. In addition to the training you’ll receive in the FWBC classrooms, you’ll have an opportunity to gain valuable on-the-spot classroom experience in an area private or public school as early as your sophomore year.

Your “Field Work Experience” course will enable you to serve as a teacher’s aid or assistant group leader. You’ll work with the children and observe the professional teacher in everyday classroom situations. Then, as a senior, you’ll spend eight weeks of half-day and eight weeks of full-day student teaching. Here you’ll have a

chance to test those theories and educational methods you learned as an FWBC El. Ed. student. You'll also have an opportunity to build confidence and poise as a teacher.

A wide variety of other practical experience opportunities are available through FWBC's field studies program. If, for example, you're considering teaching on the mission field you might spend a summer overseas. Or, perhaps you'll be interested in working with an inner city Headstart or day care center program.

A TWO-YEAR OPTION — EARLY CHILDHOOD EDUCATION

In addition to the four-year Bachelor of Science degree in Elementary Education, we also offer a two-year associate of arts degree in Early Childhood Education. This program is specifically designed to meet the needs of those planning to work as directors or teachers at day care centers or nursery schools. It combines general education, Bible, and professional education classes with on-the-job experience at area pre-schools.

CHRISTIAN SOCIAL WORK

DEPARTMENT OBJECTIVES

To ACQUAINT you with the broad spectrum of social agencies and services.

To EDUCATE you in the functions and operations of social service organizations.

To EQUIP you with a Biblical world-view that will enable you to integrate Christian values with social outreach.

To BUILD your skills for a ministry-oriented career in social work.

To PROVIDE practical experience in meeting and coping with human needs and problems.

HELP WANTED

The world is filled with people crying for help . . . people with problems and needs. As a Christian in a social work vocation, you can have a *lasting* positive impact. In addition to contributing to their physical, emotional, and material well-being — you can offer spiritual assistance to those in need.

You can introduce the hungry to the Christ who fed the 5000. You can introduce the afflicted to the Great Physician who healed the blind and crippled. And you can introduce the discouraged and dying to the Saviour who died to give victorious life. Your involvement in social work can open new doors of ministry, new opportunities for helping the needy on all levels.

Where will a FWBC social work major lead? It can lead you into a people-helping career. You can prepare for a career helping juvenile delinquents, drug addicts, minority groups, the elderly, unwed mothers, prisoners, troubled families, the handicapped, welfare recipients . . . thousands in need of someone who cares.

Our social work courses will give you a background in psychology, sociology, counseling, family relations, problem-solving, organization and management, policies, and programs. We want to be sure you receive maximum-quality input so you can give maximum-quality output. In addition to the solid social work curriculum, you'll have the benefit of a Bible college background. The Bible and theology courses you'll take will provide a foundation for your ministry. And the biblical world-view and principles

incorporated within the social work major will enable you to minister within the framework of your career goals.

Learning the ropes of social work requires more than a textbook or a filmstrip, however. As a social work major at FWBC you'll receive on-location training through lectures, observation, seminars, and actual working experience. You'll be exposed to a variety of agencies and organizations and you'll have an opportunity to learn by doing.

If you like being involved, a people-helping career in social work could be God's place for you.

BUSINESS ADMINISTRATION

DEPARTMENT OBJECTIVES

To EQUIP you with an understanding of the terminology of business, industry, finance, and economics.

To ENABLE you to set-up, use and maintain a usable bookkeeping system for a small or medium size business.

To EDUCATE you in the use of mathematics and computers for business purposes.

TO ACQUAINT you with the principles of finance, marketing, personnel management, business research, business law, and the banking system of the United States.

TO INSTILL Christian principles for application in secular and Christian business organizations and relations.

MINDING YOUR OWN BUSINESS . . . OR SOMEBODY ELSE'S

If you're interested in business, there's a whole world of career opportunities available to you. In one way or another, the business world is a part of everyone's world. Whether you're dreaming of a business of your own, a corporate management position, or involvement in the business operations of a church, youth ministry, or other Christian organization a business major at FWBC can prepare you for the world of business and for the Lord's business.

A business major at FWBC pays extra dividends. In addition to your business courses, you'll also take at least 30 hours of Bible and theology. Christian principles are integrated in all your general education and business courses, too. By the time you're ready to enter your chosen vocation, you'll be equipped for a career and a calling.

Whether you're serving on the board of a major corporation or of a local church, you can have a valuable ministry. If you choose a secular business career, you'll have opportunities to share Christ with co-workers and associates through your work and testimony. And, there's also an increasing need for professionally trained, competent business men and women in Christian organizations and businesses. In the church, on the mission field, in para-church organizations, and Christian-owned companies . . . sound business management is in demand.

From marketing to management, computer programming to personnel . . . your business major at FWBC will provide you with the necessary background for a successful career and a successful ministry in the business world.

GENERAL INFORMATION TO THE NEW STUDENT:

HOW THE CATALOG WILL HELP YOU

Welcome to Fort Wayne Bible College and to this edition of the catalog. It will help you know:

- what course offerings are available
- what requirements for graduation are
- what college costs will be
- who can give you authoritative information
- how the school is organized academically
- who runs the school

UNFAMILIAR TERMS:

You may encounter certain terms that are new to you. Just in case you're not sure, we'll list a few. Apart from specific references to Fort Wayne Bible College, the following definitions are taken from the Dictionary of Education edited by Carter V. Good and published by McGraw Hill.

Academic Probation: the act of giving a pupil a chance to "prove" himself as by permitting him . . . to advance in a school subject under supervision or on the understanding that he must fulfill certain stipulated conditions as to achievement and behavior.

At Fort Wayne Bible College a cumulative grade point average (see definition below) of 1.75 must be maintained for the first 27 semester hours of work and 2.00 for 28 hours and beyond. Work below these standards places the student on a probationary basis with dismissal possible if the level of work is not improved.

Arts and Humanities: (1) a broadly used term usually designating courses of study or curricular programs in which appreciation and knowledge of the arts are combined with and/or related to other subject areas; (2) a combination of terms which indicates an attempt to provide understanding of the arts, such as music, drama, literature, and visual arts in relationship to one another, for the purpose of enriching and developing the cultural awareness in a society.

Auditor: one who attends a course as a listener only and does not receive college credit for the course.

Christian World View: A Christian world-view is an orderly series of ideas that express an understanding of reality (God, world, man, church, TV, atoms, etc.) having the Bible as the foundation and the systematic teaching of Scripture as its guide for its rational formulation. It is the systematic expression of the renewed mind thinking the thoughts of God after Him (Rom. 12:2).

Clep Tests: A series of tests administered under the College Level Examination Program whereby the student may "test out," that is, by making a sufficiently high score the student may receive credit for and be excused from taking a given course.

Comprehensive test: An inclusive, searching test in a given area or subject.

Concentration: (1) the centering of a college student's program of study in one department or field of learning in which he does work of advanced grade. (2) a plan of curriculum organization in which one subject, such as history, becomes the center and other subjects are integrated with it.

Cumulative Grade Point Average: A numerical figure arrived at by assigning numerical values to letter grades received (such as A=4, B=3, C=2, D=1, F=0), multiplying these by the aggregate number of semester hours of the course or courses assigned the respective grades and dividing the total points by the total number of semester hours taken to that point.

Curriculum: a systematic group of courses or sequences of subjects required for graduation or certification in a major field of study.

Humanities: a term used to designate comprehensive courses in literature, language, art, philosophy, religion and history, thus distinguishing the humanities from social science (economics, sociology and politics, etc.) and the natural sciences (biological and physical sciences).

Major: a field of major concentration that includes courses from related subjects or departments. At Fort Wayne Bible College this normally varies from thirty to thirty-six hours in a given field of study.

Minor: a subject of study in one department or broad field of learning in which the student is required or elects to take a specified number of courses or hours, fewer than required for a major field; implies less intensive concentration than in the major field. At Fort Wayne Bible College 15-24 semester hours are required in a specified field to constitute a minor.

Proficiency test: a test which measures ability to perform some task that is significant in its own right, such as reading French, playing a piano; since one of the principal uses of such a test is to evaluate the performance of persons who have been given training in the task, these tests are often referred to as achievement tests.

Semester hours: number of hours a week of class instruction for one semester (or its credit equivalent of laboratory, field work, or other types of instruction.)

Seminar: an instructional technique common in higher education in which a group of students engaged in research or advanced study meets under the general direction of one or more leaders for a discussion of problems of mutual interest.

Transcript: an official list of all courses taken by a student at a college or university, showing the final grade received for each course, with definitions of the various grades given at the institution.

Tuition: the amount of money charged by an educational institution for instruction, not including materials, books, laboratory fees, or room and board.

LENGTH OF STUDY PROGRAM

If you are considering a four-year program leading to a bachelor's degree please note the section of the catalog listing the various majors offered. If you are uncertain of the major field you wish to study, you may nevertheless begin your freshman year since it contains those courses which are largely basic to any program.

The B. A. degrees differ from the B.S. degree largely in their requirement of language. If you are considering the possibility of graduate school there are some instances in which taking the B.A. degree could be to your advantage. On the other hand, the B.S. degree will allow you greater choice of elective subjects if you are thinking of terminating your work with that degree.

Many combinations of majors and minors are possible. Note that some of the minors in the professional areas may be more demanding in terms of semester hour requirements than others. Remember that any four-year program requires thirty semester hours of Bible or theology.

If you are considering a two-year A. A. program please see the section of the catalog where these offerings are listed. In addition to a core of subjects common to all A. A. programs there will be a concentration of 19 or 20 hours available from several fields. Or, you may, in conjunction with your adviser, choose electives from many fields instead of concentrating in just one.

If you eventually hope to go on for a four-year degree you should choose your area of concentration with care in order to be able to convert most easily to your four-year program. Otherwise you may have to take an additional semester of work to fulfill the new set of requirements.

There is also a one-year program leading to a Bible certificate for Graduates (holders of a baccalaureate degree at another institution or an R.N.) and a program leading to a Christian Worker's Certificate.

READING THE COURSE REQUIREMENTS

The above list of abbreviations will explain the field of study indicated by the course letter and number. For example OT 101 signifies Old Testament. The one hundred level number, the first of the three digits, indicates the course is a first year, or freshman, level course. The last digit being an uneven number

indicates it is a first semester course. Last digit even numbers indicate second semester course while last digit zeros indicate courses that could be offered either first or second semester.

There are two columns indicating semester hours about a quarter of an inch apart. The left column pertains to the first semester and the right column to the second.

All students who graduate or leave the college must have their bills paid in full. No transcripts will be issued or diplomas given until all bills are paid.

Financial Aid Available Financial Assistance

The primary objective of the Financial Aid Office is to provide financial assistance to students in meeting education expenses. The students' freedom to attend the institution of their choice, or even the freedom to attend any institution, may largely depend on the financial assistance they receive. Some of this assistance may be expected to come from the student's family and/or directly from the student. Fort Wayne Bible College awards assistance as a supplement to the maximum contributions of the family and the student.

Fort Wayne Bible College awards financial aid on the basis of demonstrated need. In order for the Financial Aid Office to determine such need, students must complete a Financial Aid Form and return it to the College Scholarship Service, indicating that a report is to be sent to Fort Wayne Bible College. This must be done each year for students wishing to receive any form of financial assistance. Financial Aid Forms are available at the students' high schools or the Financial Aid Office at Fort Wayne Bible College.

The types of aid available through Fort Wayne Bible College are the Pell Grant (formerly Basic Educational Opportunity Grant), Supplemental Educational Opportunity Grant, College Work-Study, and the National Direct Student Loan. In addition, Fort Wayne Bible College participates in the scholarship and grant programs of the State Student Assistance Commission of Indiana. The grants (Higher Education Award and Freedom of Choice Grant) may be available to upper-class students as well as to incoming freshmen. Application for these grants must be made by filing the Financial Aid Form by March 1. The Hoosier Scholar Award is a non-renewable scholarship available only to graduating high school seniors. Information may be obtained from the student's high school counselor.

Many states recognize Fort Wayne Bible College in approving Guaranteed Student Loans. Among these are Hawaii, Illinois, Indiana, Iowa, Michigan, Minnesota, New York, Ohio, Pennsylvania, and others.

A limited number of scholarships are available through personal donors to select students who meet specific criteria established by the scholarship donors. Also, Tuition Reduction Grants are available to full-time students (12 hrs.) who meet certain criteria. These are:

1. Full-time Christian workers
2. Dependents of the above
3. Married couples - both attending FWBC

4. Multiple dependents - if there is more than one child from the same family attending FWBC, second and subsequent child eligible

Application for this grant is made by filing a Financial Aid Form and a separate application through the Director of Financial Aid.

All students receiving any form of federal or state financial assistance must submit a signed and notarized affidavit stating that such aid will be used for educational purposes only.

Training of Veterans and War Orphans

Fort Wayne Bible College is approved by the State Approval Agency for the training of veterans. War orphans and children of totally disabled veterans are also eligible to receive educational benefits.

Students eligible for such benefits should apply to the Veterans Administration for a Certificate of Eligibility and Training before coming to the college. It is their responsibility to notify the Registrar's Office at the time of registration so that proper certification of enrollment may be made to the Veterans Administration.

Transcript Fee

Official transcripts are available from the Registrar's Office at a cost of \$2.00 each, upon the written request of the respective student. No transcripts will be issued until all bills are paid.

Late Registration

Special permission for late registration will be granted only in exceptional cases. A late registration fee will be assessed. No student may be enrolled after the completion of the first full week of classes.

Course Cancellations

The college reserves the right to make necessary schedule alterations and to cancel any course in which fewer than five students are registered.

ADDITIONAL INFORMATION

Room and Board

All single students taking 8 hours or more (including correspondence courses) are to live in a campus dorm if not living with parents. Exceptions are handled by Student Services on an individual basis with a written application when exceptional criteria are evident.

Housing For Married Students

The college has a limited number of apartments for married students. Contact the Director of Business Affairs for assistance.

Readmission of Former Students

All former students who wish to resume their studies at Fort Wayne Bible College must file applications for reenrollment available from the Director of Admissions. New physical examinations may be required before registration. Students who were dismissed for academic reasons must be approved for readmission by the Academic Affairs Committee as well as by the Admissions Committee. Students dismissed because of personal reasons must first be approved by the Student Services to reenroll before making application to the Admissions Committee.

Transfer Students

Admission to advanced standing is granted to students who have completed acceptable work in other accredited institutions. Credits which are applicable to the programs of Fort Wayne Bible College are fully accepted, provided such courses are completed with a "C" or above. Credits from non-accredited schools must be validated by examination or by satisfactory achievement during a probationary period of study.

All transfer students are required to complete at least 30 semester hours at Fort Wayne Bible College including: a minimum of seven hours of Bible and/or Theology worked out for them by the chairman of their major department.

Correspondence Courses

Students enrolled at Fort Wayne Bible College may take courses by correspondence. A listing of courses offered by this college will be found under Department of Correspondence Studies. A maximum of 32 credit hours of such work may be applied toward a bachelor's degree by receiving approval from the registrar and/or department chairman. Correspondence work does not apply toward the thirty hours of resident work required for graduation. All correspondence work must be completed by the deadline dates established by the registrar if the enrollee is also a resident student. Transcripts for correspondence work only are obtained from the Correspondence Department.

Christian Service

The Department of Christian Service is designed to help students develop skills to communicate knowledge learned in the academic classroom. Approximately one hundred

churches and church-related organizations cooperate with the Christian Service Department to provide these experiences for students.

Each student is required to be involved in Christian service each semester he is enrolled for 8 hours or more, except for two semesters. Christian service is required in the final senior year. A cumulative grade point of 2.00 in Christian service is required for graduation.

The objectives of this department are: 1) to provide Christian service opportunities in churches and church-related organizations for students to gain experience and learn skills; 2) to assist students in personal growth and developing vocational skills to be more effective in Christian service; and 3) to provide vocational information and opportunities to aid students in planning their vocations.

Educational Program

STATEMENT OF PHILOSOPHY

Fort Wayne Bible College is committed to a distinct philosophy of education which reflects its statement of faith. The revelation of God, both general and special, forms the core of the curriculum. General revelation comes to man through nature, man's conscience, and divine providences. Special revelation is given by Jesus Christ and by the Bible. The terms "general" and "special" reveal the extent and the purpose of God's revelation. God has revealed Himself both in creation and in the Scriptures. Christians are expected to be diligent in understanding both of these sources of revelation. Biblical revelation does not pretend to answer all questions but it does provide a guide to understand other channels of revelation.

The educational program reflects the particular philosophy of life which the college holds. Based on the tenets of Christian theism the program is organized according to the following pattern: Christ for life, the Bible for wisdom, general education for culture, and professional skills for service.

Course instruction has a threefold content and purpose. First, intensive and systematic Bible study gives the student the Christian world-view, acquaints him with the gospel message, and enriches his life spiritually. Second, general education broadens his knowledge of man, of society, and of the universe, and integrates that knowledge with Christian theism. Third, applied work develops skills for Christian service.

Since adequate preparation includes Christian character and spiritual endowment, the program embraces much more than formal instruction. Biblical education, general education, and professional education are combined with devotional culture, social life, physical fitness, and field experience to provide a well-rounded program designed to meet the needs of the total man. The whole of college life is designed to contribute to personal enrichment and building of character.

ACCREDITATION AND ACADEMIC STANDING

Fort Wayne Bible College is accredited by the American Association of Bible Colleges, and is a charter member. AABC is a member of the Council on Post-secondary Accreditation (COPA) in the national institutional category of accrediting agencies. The college is accredited as a four-year, teacher-education college by Indiana State Department of Public Instruction. It is listed as an accredited institution of higher learning by the United States Office of Education. Full transfer credit is granted by Indiana University for work applicable to university programs.

The college holds membership in the Evangelical Teacher Training Association and is authorized to award E.T.T.A. certificates and diplomas.

The United States Department of Justice has approved the college for the education of foreign students. The Indiana State Approval Agency approves it for the training of veterans and war orphans. The National Headquarters of the Selective Service recognizes it as a bona fide theological school.

The college holds institutional membership in the Indiana Conference of Higher Education, the American Association for Higher Education, and the Independent Colleges and Universities of Indiana.

ACADEMIC REGULATIONS

Student Load

The normal student load is 16 hours per week. Approval of loads in excess of this norm may be granted to students of superior ability. Unless special permission is granted, the first year maximum load is 17 hours. Students should be able to carry the normal number of hours under ordinary conditions. A minimum load of 12 hours is required for classification as a full-time student. Students on academic probation may be advised to carry a reduced number of credit hours. Audit and correspondence courses are not counted in determining full-time enrollment, but will be considered in determining the maximum course load for students.

Credit by Examination

Students may receive credit for some courses by successfully passing certain kinds of tests. The College Board Advanced Placement examinations available in many high schools in the senior year provide credit in several subject areas. If the local high school cooperates in this program, it is recommended that students enroll in the advanced placement courses in those subjects before attempting to take the examinations.

The College Level Examination Program (CLEP) is now much used to establish credit in certain college courses. Six hours

(two semesters) credit can be earned by CLEP examinations in such subjects as English composition, History, Science and others. For further information write to Office of Registrar.

Grading Symbols and Grade Point Values

A—Superior scholarship, 4 points
B—Above average, 3 points
C—Average, 2 points
D—Below average, 1 point
F—Failure, 0 points

WP—Withdrew, passing, 0 points
WF—Withdrew, failing, 0 points
I—Incomplete
S—Satisfactory, 0 points
U—Unsatisfactory, 0 points

The grade point average is determined by dividing the total number of grade points earned by the number of hours taken.

Grade Point Requirements

To be eligible to continue as a student in good standing, freshmen, who have completed less than 28 hours of credit, must maintain a minimum GPA of 1.75. All other students must maintain a minimum GPA of 2.00. Students whose GPA falls below the minimum stated will be placed on academic probation. Students on probation may be suspended or dismissed after one semester from the time placed on probation if they do not make substantial improvement. All decisions and appeals are the responsibility of the Academic Affairs Committee.

Honors

At the close of each semester the Registrar's Office publishes a Dean's List of all students who were enrolled for at least 12 hours and who achieved a grade point average of 3.35 or higher for the semester just ended.

Graduating seniors are awarded scholastic honor based upon the cumulative grade point average through the first semester of the senior year. To be eligible for these honors students must have completed at least 60 hours toward the Bachelor's degree at Fort Wayne Bible College. All courses, whether transferred from another college or taken on campus, leading toward the completion of a degree will be used in computing the G.P.A. Honors will be given according to the following minimum grade point averages: "cum laude" for 3.35, "magna cum laude" for 3.65, "summa cum laude" for 3.85.

A limited number of seniors may be elected by the faculty to Delta Epsilon Chi, the honor society sponsored by the American Association of Bible Colleges, and/or for listing in *Who's Who Among Students in American Universities and Colleges* or the *National Dean's List*.

Daryl W. Cartmel, Chairman

Objectives

The objectives of this department are: 1) to aid students in developing a theology of missions; 2) to acquaint them with the history and methods of church planting and growth; 3) to provide an orientation which will give them an understanding of, and appreciation for non-Western cultures as a basis for cross-cultural communication; 4) to explore the necessity and meaning of indigenous church principles; 5) to help them develop essential skills (e.g. in language learning); 6) to gain an understanding of the proper relationships which should exist between missionaries and their church, their mission group, and the people whom they serve and so establish a better basis for such relationships; and 7) to provide pastors and others who do not serve as foreign missionaries with a basis for intelligent and effective participation in the mission of their churches

In addition to the four-year programs outlined below (followed by minors in Missions to be taken in conjunction with a four-year program in a field of study other than Missions) a two-year Associate of Arts program including electives in Missions may be worked out. See page 55.

Major in Missionary Nursing

The Bachelor of Science program in missionary nursing is designed as a basic course for students who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions, and professional nursing. The program includes a diploma program in nurses' training, a major in Bible, and a minor in missions.

A program, designed to meet the urgent need for professionally trained missionary candidates, is made possible through the cooperation of near-by Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing unless prior permission to study at another institution is granted by the Academic Affairs Committee. During this time the student maintains associations with the college as time and prior obligations permit. At the end of this period the student is eligible to take the state examinations for registration. The final year is spent on the college campus with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The School of Nursing is accredited by the Indiana State Board of Nurses' Registration and Nursing Education, and the National League for Nursing.

Students interested in such a program should apply to Fort Wayne Bible Collge. A standard application blank may be used for this purpose. Application to a school of nursing is made during the first year of the program after enrollment at Fort Wayne Bible College. Arrangements will then be made to take the qualifying National League of Nursing tests. Duplicate copies of the scores will be sent to the Registrars of the college and the school of nursing. Enrollment at the college does not necessarily imply acceptance by the school of nursing.

A total of 128 hours is required for the Bachelor of Science degree. Sixty-four semester hours are granted for the work done at the Lutheran Hospital. Transcripts from other nursing schools, at which a diploma has been received will be evaluated by the registrar. The courses at Fort Wayne Bible College are normally distributed as follows:

Department of Music

Jay D. Platte, Chairman

Objectives

This department serves the entire student body of the college in general and, more specifically, those students interested in music professionally.

The general and professional goals of the department are:

1. to provide general education in music for all students of the college;
2. to prepare students for various ministries in church music, evangelism, and youth work;
3. to prepare students to teach music privately and in the public or private schools on the elementary and secondary levels;
4. to encourage creative writing and interpretive performing; and
5. to provide appropriate music for all college activities.

These objectives are in keeping with the overall aims of the college toward integration of its activities with its Christian

philosophy of education, and they express the primary aims of the department which are student-directed. The objectives do not, however, entirely express the contributions which the department makes to the cultural life of the community nor to the public relations of the institution.

Students may choose an area of concentration from the following fields: voice, piano, organ, orchestral instruments, music education, and church music.

In addition to the four-year programs outlined below (followed by a minor in Music to be taken in conjunction with a four-year program in a field of study other than Music) a two-year Associate of Arts program including electives in music may be worked out. See page 55.

An Orientation Guide for Music at Fort Wayne Bible College is available to all students interested in music studies. This "Guide" strives to answer everything they need to know, including more specific information regarding regulations and requirements, to successfully complete the Music degree program at Fort Wayne Bible College. For those majoring or minoring in music it is essential to have a copy of the "Guide" and know its content.

Department of Teacher Education

Ted D. Nickel, Chairman

Objectives

This department aims to prepare students for teaching in Christian, public, and parochial elementary schools, and in the field of music on the elementary and secondary level.

The objectives are: 1) to assist the student to gain a general understanding of the basic areas of education, including: its historical development, contemporary patterns, child development, methodology, and a basic Christian philosophy of education; 2) to train efficient leaders and teachers for the educational program of the church; 3) to form an attitude toward teaching as a Christian vocation; 4) to gain the basic skills necessary for the art of teaching; 5) to qualify the student to meet certification requirements of the Indiana State Department of Public Instruction; and 6) to provide basic preparation for graduate study in education.

We assume that effective teacher preparation requires more than a good academic standing. Therefore, the "Teacher Selection Program" is used to evaluate the overall qualifications for teaching. The goals of this program are: 1) to help the student gain a clearer conception of his abilities; 2) to help the student see teaching as a spiritual service; 3) to help the student grow in teaching competence. A special form explaining the entire program is available in the teacher education office. It is introduced to the student in ED 152, Introduction to Education.

Since qualifications for teaching certificates vary between states, the student is advised to check the certification requirements of the state where he plans to teach. Fort Wayne Bible College is accredited by the Indiana State Department of Public Instruction. The following are resumes of the special requirements for the two programs in the department.

Bachelor of Science, Major in Elementary Education

This program consists of 142 hours of academic work needed for graduation. Requirements of the Indiana State Department of Public Instruction for a teaching certificate include: 35 hours in professional education; 15 hours in science; 14 hours in social studies; 15 hours in language arts; 10 hours in fine arts; 8 hours in mathematics; and 15 hours of other requirements. An additional 30 hours in Bible and theology are necessary to meet the program requirements of Fort Wayne Bible College.

Persons who plan to teach in mission schools may want to

become oriented to the work of missions around the world. A minor in missions (see p. 37) would help to facilitate the teacher in cross-cultural communication.
